

ACADEMIC CONTEXT: EOI Jerez (“Escuela Oficial de Idiomas de Jerez” - **Official School of Languages of Jerez**) is part of Spain's official Public Education System and depends on the Regional Government of Andalucía. We are part of the 52 “Official Schools of Languages” (EOI - Escuela Oficial de Idiomas) in Andalucía, and there are such schools all over the country. EOIs belong to a branch of public education called “*Régimen Especial*”, which offers **specialized studies** in fields such as arts, music, dance, sports, or the military, and in our case, it is **foreign languages**. These studies can be completed simultaneously with those of what is called the “*Régimen General*” (standard official education).

STUDENT BODY: We have **students of widely varying ages, from 14 to 79**. Additionally, our students come from **43 different countries**. We prepare them for **official certification exams**, while also welcoming those who simply wish to enjoy **expanding their knowledge** and mastery of one or more of the **four languages currently taught**.

As shown in the table, these 4 languages are: **German (AL), French (FR), Spanish as a Foreign Language (ELE), and English (ING)**.

The studies are carried out in **three different modalities** (face-to-face, blended learning, and CAPE), covering a total of **8 academic years**, in correspondence with **levels A1 to C2 of the Common European Framework of Reference for Languages (CEFR)** - although not all levels are available in all four languages.

Blended learning is available in **English** (Levels A1 to C1.2) and **French** (levels A1 and A2). **CAPE**, which is a specialized modality for consolidation courses with no evaluation requirements (only assistance), is available for **B1 and B2.2 levels**.
